

Cité internationale des arts & DAC Martinique

The 2021 recipients

The Cité internationale des arts, with the support of the Direction des affaires culturelles (DAC) of Martinique, offers a residency program for artists, authors or curators residing in Martinique who wish to develop a research and/or creation project in the field of visual arts, performing arts and writing.

Thanks to this partnership, the residents will benefit from tailor-made support, monthly meetings and individual interviews with artists and cultural professionals. It is also anchored at the heart of the life, activities and networks of the Cité internationale des arts and its 325 residents of all disciplines, generations and nationalities.

A committee, made up of qualified personalities, studied all the applications and selected the two recipients of the "Cité internationale des arts & DAC Martinique" program for a three-month residency each in Paris in 2021.

In addition to evaluating the candidate's professional background, the members of the jury paid particular attention to the quality of the project, the need for an artistic residency in Paris, what working procedures are envisaged and any contacts that have already been established.

The Direction des Affaires Culturelles (DAC) of Martinique

The Direction des Affaires Culturelles of Martinique is the deconcentrated service of the Ministry of Culture. The DAC Martinique is responsible for implementing, under the authority of the Prefect, the cultural policy defined by the government.

Located in Fort-de-France, it has four major ambitions:

- To make culture a driving force for regional development;

- To promote education and higher education in the arts;
- To strengthen regional cooperation;
- To make culture a vector for economic growth.

The DAC's mission is to support artistic creation and, to this end, to encourage the mobility of artists in the region through programs that provide assistance or support for research, writing or creative residencies.
