

# CAPSULE

Residency program  
The 2021 recipients

In order to continue to welcome artists in residency, but also to allow certain artists who wish to extend their current residency, the Cité internationale des arts has built a tailor-made program in response to the current situation.

The CAPSULE program offers three-month residencies (January to March 2021) for visual artists and musicians of all nationalities residing in France or currently in residency at the Cité internationale des arts.

For this first edition of the CAPSULE program, 102 applications were received and examined. The Cité internationale des arts had the capacity to award 40 three-month residencies.
